

BCC98/MTPATF/1

Report of the Music Thesaurus Project Advisory Task Force

Michael Colby, chair; Phillip DeSellem, Harriette Hemmasi, Mark McKnight, Brad Young

The Music Thesaurus Project Advisory Task Force reports to the Bibliographic Control Committee and is charged to advise and support the work of the Music Thesaurus Project (MTP). Additionally, the Task Force may advise upon and engage in educational and outreach efforts and other related activities, as approved by the BCC. Its members include the Director of the MTP, a member from BCC or one of its subcommittees, a member from RAPS or one of its subcommittees, a member from LC, and an MLA member-at-large.

The task force met at the Boston meeting. We continued our ongoing discussion regarding helping to find funding support for the Music Thesaurus Project. We also discussed looking into other ways MLA could help with the efforts towards a music thesaurus.

There will be some changes in the personnel of the Task Force personnel upcoming.
